

LES ENFANTS PRIVATE DAY NURSERIES LTD

VISIONS & VALUES

JULY 2014

- The Children we care for, their families and carers will be at the centre of everything we do.
- We will improve and be outstanding.
- Every interaction we have with a child, parent, carer or colleague we will make count.
- We will recognise diversity, celebrate our differences & learn from each other.
- We will recognise when things are not working well and work together to find a solution.
- We will show kindness and care to all which we have contact with, child, parent, and colleagues.
- We will behave at all times in such a manner that reflects this vision and these values
